If you do not agree to the terms of this EULA or Sony's applicable privacy policy, as amended from time to time by Sony in its discretion, Sony is unwilling to allow you to access the applicable Sony Content Services and Sony Content (as defined below).

This End User Licence Agreement ("EULA") is a legal agreement between you and Sony Home Entertainment & Sound Products Inc. ("Sony"), the licensor of the software (other than the software which is governed by other licences as defined below as "Excluded Software") included in this Sony Product and related materials which shall be collectively referred to as the "Sony Software." This EULA covers the Sony Software and that of Sony's affiliates and third party licensors ("Third Party Licensors") and accompanying printed or online documentation. The Sony Software includes software in your Sony Product, including updates or modified software, provided to you by Sony, whether stored on media or downloaded to the Sony Product via any method, but not Excluded Software as defined below.

This Sony Product also includes certain network feature which provides access to selected content services ("Services") from third party content providers including Sony entities other than Sony Home Entertainment & Sound Products Inc. ("Third Party Providers") as a courtesy to you. The network feature also provides you access to selected Sony content services ("Sony Content Services"), which services and related content ("Sony Content") shall both be considered Sony Software under this EULA. Such network feature requires an Internet connection. Your ability to access the Services, and the quality of the Services presented, are subject to your Internet provider's service and terms as well as the broadband Internet connection speed you use. Video quality and picture size varies and is dependent upon the speed of your broadband service from your Internet provider and delivery by the Third Party Providers. The content, including but not limited to data, music, sound, audio, photographs, images, graphics, likenesses, software, text, video, messages, tags, or other materials, provided by Third Party Providers ("Content") and the availability of the Services are at the sole discretion and under the control of the Third Party Providers. The Content and Services of each Third Party Provider are provided pursuant to the terms and conditions of that Third Party Provider. Premium Content may require additional fees and/or registration with the Third Party Provider through a computer. The Services and the Content may only be used for your own personal, private viewing, and shall not be used for non-theatrical exhibition, or any viewing or exhibition for which (or in a venue in which) an admission, access, or viewing fee is charged, or for any public exhibition or viewing. The Services and/or Content may be changed at any time and may be unavailable from time to time.

You understand, acknowledge and agree that access to certain Sony Product features, including but not limited to your ability to access the Sony Content & Services, requires an Internet connection for which you are solely responsible. You are solely responsible for payment of any third party fees associated with your Internet connection, including but not limited to Internet service provider or airtime charges. The quality of the Sony Content & Services presented is subject to your Internet provider's service and terms, and is also dependent upon the speed of your Internet service. Operation of the Sony Product and Sony Software, and access to the Sony Content & Services, may be limited or restricted depending on the capabilities, bandwidth or technical limitations of your Internet connection and service. You understand, acknowledge and agree that Internet connectivity is provided by third parties over which Sony has no control. The provision, quality, availability and security of such Internet connectivity, software and services are the sole responsibility of such third parties.

THE SONY SOFTWARE AND THE SERVICES MAY ALLOW SONY, THE THIRD PARTY PROVIDERS, AND/OR OTHER THIRD PARTIES TO COLLECT DATA FROM, CONTROL, AND/OR MONITOR THE SONY PRODUCT AND OTHER DEVICES RUNNING OR INTERACTING WITH THE SONY SOFTWARE.

SOFTWARE LICENCE

You cannot use the Sony Software except as specified herein. The Sony Software is licensed, not sold. Sony and its Third Party Licensors grant you a limited licence to use the Sony Software only on the Sony Product. The Sony Software may create data files automatically for use with the Sony Software, and you agree that any such data files are deemed to be a part of the Sony Software. The Sony Software is licensed as a single product, and you may not separate its component parts for use on more than one Sony Product without express authority from Sony. You may not use the Sony Software separately from the Sony Product. Except as such prohibition is restricted by the applicable law, you agree to be prohibited from modifying, reverse engineering, decompiling or disassembling the Sony Software in whole or in part for any purpose other than allowed under this EULA. In addition, you may not rent, lease, sublicense, or sell the Sony Software, but you may transfer all of your rights under this EULA only as part of a sale or transfer of the Sony Product provided you retain no copies, transfer all of the Sony Software (including all copies, component parts, any media, printed materials, all versions and any upgrades of the Sony Software, and this EULA), and the recipient agrees to the terms of this EULA. Sony and its Third Party Licensors retain all rights that this EULA does not expressly grant to you. You shall not (a) bypass, modify, defeat, or circumvent any of the functions or protections of the Sony Software or any mechanisms operatively linked to the Sony Software; or (b) remove, alter, cover, or deface any trademarks or notices on the Sony Software. You understand, acknowledge, and agree that the software, network services, or other products other than the Sony Software upon which the Sony Software's performance may depend might be interrupted or discontinued at the discretion of the suppliers (software suppliers, service providers, Third Party Providers, etc.) or Sony.

EXCLUDED SOFTWARE

Notwithstanding the foregoing limited license grant, you acknowledge that the Sony Product includes software subject to other terms and conditions governing the use of such software other than this EULA ("Excluded Software"). Certain Excluded Software may be covered by open source software licenses ("Open Source Components"), which means any software licenses approved as open source licenses by the Open Source Initiative or any substantially similar licenses, including but not limited to any license that, as a condition of distribution of the software licensed under such license, requires that the distributor make the software available in source code format. Terms and conditions applicable to Open Source Components are provided to you together with this EULA and/or stored in your Device which may include but are not limited to the "Help" or "About" menus. Please visit http://oss.sony.net/Products/Linux for a list of applicable Excluded Software included in this Sony Product from time to time, and the applicable terms and conditions governing its use. Such terms and conditions may be changed by the applicable third party at any time without liability to you. To the extent required by the licenses covering Open Source Components, the terms of such licenses will apply in lieu of the terms of this EULA. To the extent the terms of the licenses applicable to Open Source Components prohibit any of the restrictions in this EULA with respect to such Open Source Components, such restrictions will not apply to such Open Source Component. To the extent the terms of the licenses applicable to Open Source Components require Sony to make an offer to provide source code in connection with the Software, such offer is hereby made.
