

Removing/Reinstalling the Battery Pack

To remove the battery pack

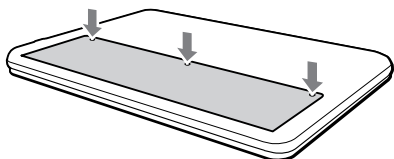

You will lose all unsaved data if you remove the battery pack while your VAIO computer is on or in Sleep mode and not connected to the AC adapter.

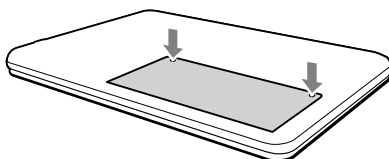

Be sure to turn off the computer before removing the battery pack.

- 1 Turn off your VAIO computer, disconnect the power cord and all connection cables, and close the LCD screen lid.
- 2 Loosen the three or two screws with a coin.

SVT141/SVT151

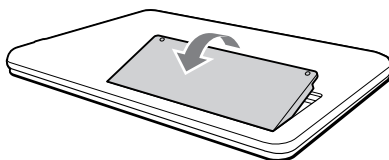

- 3 Pull the battery pack slightly in the direction of the arrow.

SVT131

SVT141/SVT151

Do not pull the battery pack forcibly when you cannot remove it. Loosen the screws once again.

- 4 Take the battery pack out of your VAIO computer.

Continued on the back side.

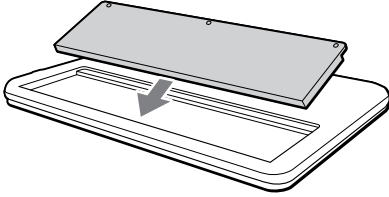

To reinstall the battery pack

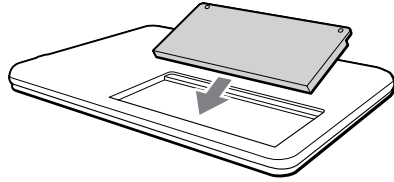

Install the battery pack into the battery compartment on the bottom of your VAIO computer.

- 1 Turn off your VAIO computer, disconnect the power cord and all connection cables, and close the LCD screen lid.
- 2 Align the battery pack with the front side of the battery compartment.
