

# Instructions for Charging the Battery Pack

The battery pack can be charged even while you are using your VAIO computer when the computer is connected to a power source. The charging time may vary depending on operating conditions.

Follow these steps to charge the battery pack. Refer to the **User Guide** for detailed information on how to install the battery pack and about the location of the DC IN port on your VAIO computer.

- 1 Install the battery pack into your VAIO computer. (Except for VAIO Duo 11)
- 2 Plug your VAIO computer into an AC outlet.

- The charging time varies depending on ambient temperature.  
Note that at a low ambient temperature, it takes longer time to charge the battery pack.
- To check the battery status of your VAIO computer, open the desktop by selecting the **Desktop** tile on the **Start** screen, and select the battery icon, such as (on battery) or (plugged in), in the desktop notification area.
