WARNING
To prevent fire or shock hazard, do not expose the unit to rain or moisture.

Do not install the appliance in a confined space, such as a bookcase or built-in cabinet.

To prevent fire, do not cover the ventilation of the apparatus with newspapers, tablecloths, curtains, etc. And do not place lighted candles on the apparatus.

To prevent fire or shock hazard, do not place objects filled with liquids, such as vases, on the apparatus.

CAUTION
The use of optical instruments with this product will increase eye hazard.

Certain countries may regulate disposal of the battery used to power this product. Please consult with your local authority.

CAUTION
• INVISIBLE LASER RADIATION WHEN OPEN
• DO NOT STARE INTO BEAM OR VIEW DIRECTLY WITH Ocular Instrument.

The validity of the CE marking is restricted to only those countries where it is legally enforced, mainly in the countries EEA (European Economic Area).

Owner’s Record
The model number and the serial number are located at the rear of the CD player. Record these numbers in the spaces provided below. Refer to them whenever you call upon your Sony dealer regarding this product.
Model No. ____________________________

For the customers in the USA
This equipment generates and uses IF radio frequency energy and if not installed and used properly, it may cause harmful interference to radio communications. It has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

You are cautioned that any changes or modifications not expressly approved in this manual could void your authority to operate this equipment.

Product registration
For the customers in the USA
Proper registration will enable us to send you periodic mailings about new products, services, and other important announcements. Registering your product will also allow us to contact you in the unlikely event that the product needs adjustment or modification. Thank you.

Power Sources
To use the AC power adapter (B)
1. Connect the AC power adapter to an AC outlet.

To use the batteries (B)
Use only the following batteries for your CD player:

Dry batteries
1. LR6 (AA) alkaline batteries

To insert the batteries
1. Open the battery compartment lid inside your CD player.
2. Insert two batteries by matching the B to the diagram in the battery compartment and close the lid until it clicks into place.

Battery life*(approx. hours)
(When the CD player is used on a flat and stable place.)
Playing time varies depending on how the CD player is used.

G-PROTECTION
ON
OFF

Notes
* 3 AMS = Automatic Music Sensor
* 2 If the sound is distorted when using the SOUND function, increase more than BASS
* 4 Also use to keep down the remaining battery power. One section does not always increase or decrease.

Playing a CD
To insert a CD
1. Press OPEN to open the lid (A).
2. Fit the CD to the pivot, then close the lid (A).

Notes
* This CD player can play CD-Rs/CD-RWs recorded in the Compact Disc Digital Audio (Audio CD) format. For playback capability may vary depending on the quality of the disc and the condition of the recording.
* This product is designed to play back discs that conform to the Compact Disc (CD) standard.

To operate the CD player

Button/Switch Function/Operation

SOUND (AVLS)* Use to emphasize the bass-boosted sound. Press repeatedly to select BASS or BASS. BASS enhances more than BASS.
* Also use to keep down the maximum volume to protect your hearing. Press and hold until “AVLS” appears in the display.

The AVLS function is turned on. To turn off the AVLS function, press and hold again until “AVLS” disappears.

P/MODE (play mode/Repeat)
Press repeatedly until the play mode you want appears in the display.
No indication: Normal play
“1”: Single play
“SHUFFLE” Shuffle play
“BOOKMARK” Bookmark track play
To repeat the play mode you selected, press and hold until “G” appears.

VOL+/– Press to adjust the volume.

(AMS)/Search) Press or repeatedly to find the beginning of the current/next track. Press or repeatedly to find the beginning of the previous/next track.

Play) Press to start play.
Pause) Press again to pause play.
To play from the first track, press for 2 seconds or more while the CD player is stopped.

(Repeat) Press to stop playing.

HOLD Use to lock the controls to prevent accidental button presses.

G-PROTECTION Set it to ON to protect against sound skipping.

Notes
* AVLS = Automatic Volume Limiter System
* If the sound is distorted when using the SOUND function, turn the volume down.
* AMS = Automatic Music Sensor
* Sound may skip:
  – if the CD player receives a continuous signal that is not expected.
  – if a dirty or scratched CD is played or
  – when using poor quality CD-Rs/CD-RWs or if there is a problem with the recording device or application software.

To remove the CD
Remove the CD while pressing the pivot (A).
To turn off the operation beep sound
You can turn off the beep sound that is heard from your headphones/earphones when you operate your CD player.

1. Connect the power source while pressing hold until "Hold" (Bookmark) flashes in the display.

To remove the Bookmarks
During playback of the tracks with a Bookmark, press and hold hold until "Hold" disappears from the display.

To check the tracks with Bookmarks
During playback of the tracks with Bookmarks, keep flashing slowly in the display.

Playing your favorite tracks by adding Bookmarks (Bookmark track play)
You can add Bookmarks to up to 99 tracks for each CD. You can use this function for up to 5 CDs.

To add Bookmarks
1. During playback of the track where you want to add a Bookmark, press and hold hold until "Hold" (Bookmark) flashes in the display. When the Bookmark has been added successfully, flashing of "Hold" becomes slow.
2. Repeat step 1 to add Bookmarks to the tracks you want.

To listen to the tracks with Bookmarks
1. Press P MODE/1 until "Hold" lights up in the display and the playback of the track with the Bookmark starts.
2. Press and hold SOUND until "AVLS" disappears from the display.

Notes
• During playback of the tracks with Bookmarks, tracks are played in order of track number, not in the order you added the Bookmarks.
• If you try to add Bookmarks to the tracks on the 6th CD, the Bookmark of the CD you played back first will be erased.
• If you remove all power sources, all Bookmarks stored in memory will be erased.

Precautions
On safety
• Should any solid objects or liquid fall into the CD player, unplug it and have it checked by qualified personnel before operating it any further.
• Do not put any foreign objects in the DC IN 4.5 V (external power input) jack.

On power sources
• When you are not using the CD player for a long time, disconnect all power sources from the CD player.

On AC power adaptor
• Use only the AC power adaptor supplied. If your CD player is not supplied with the one, use the EA-468HG AC power adaptor. Do not use any other AC power adaptor. It may cause a malfunction.

Polarity of the plug
• Do not touch the AC power adaptor with wet hands.
• Connect the AC power adaptor to an easily accessible AC outlet. Should you notice an abnormality in the AC power adaptor, disconnect it from the AC outlet immediately.

On dry batteries
• Do not throw the batteries in a fire.
• Do not expose the batteries to heat, such as sunshine, steam, or heat from heating apparatus.
• Do not use batteries of different types or capacities together.
• Do not short the electrical contacts or subject to any physical stress.
• Rechargeable nickel cadmium batteries should not be thrown in the trash. Consult your local waste disposal or recycling agency regarding how to dispose of them.
• For the area code of the model you purchased, check the notice.

Design and specifications are subject to change without notice.

Specifications
System Compact disc digital audio system
Laser diode properties
Material: GaAlAs
Wavelength: 1.0 µm
Emission duration: Continuous
Laser output: Less than 46.6 µW (This output is the value measured at a distance of 200 mm from the objective lens surface on the optical pick-up block with 7 mm aperture.)

Power requirements
The battery compartment lid is detached by an accidental drop, excessive force, etc. The battery compartment lid is detached by an accidental drop, excessive force, etc.

Attach it as illustrated below.

Troubleshooting
Should any problem persist after you have made these checks, consult your nearest Sony dealer.

"Hold" appears in the display when you press a button, and the CD does not play.
1. The buttons are locked. Slide HOLD back.
2. The volume does not increase even if you press VOL (+) repeatedly.
3. Press and hold SOUND until "AVLS" disappears from the display.

The battery compartment lid is detached by an accidental drop, excessive force, etc.
