What you can do with MS Import/Export application

Both MS Import and MS Export are applications to copy the data on your computer to the “Memory Stick” media on your CLIÉ handheld directly without performing HotSync operation.

When copying the data on your computer

You have to use both Memory Stick (MS) Import application for your CLIÉ handheld and Memory Stick (MS) Export software for your computer at the same time.

Before using MS Import/Export

You have to install MS Export applicaiton on your computer (page 5).

Installing CLIÉ applications without performing HotSync operation

Using MS Import/Export, you can install application files (.prc or .pdb) for your CLIÉ handheld without performing HotSync operation.

Using your CLIÉ handheld as a removable disk

Using MS Import/Export, you can use your CLIÉ handheld as a removable disk from Windows desktop on your computer. You can not only read the data stored in the “Memory Stick” media on your CLIÉ handheld from your computer, but write data to the “Memory Stick” media from your computer.

Installing

You need to install the MS Export software on your computer. (The MS Import application is already installed on your CLIÉ handheld).

- 1** Insert the installation CD-ROM into the CD-ROM drive of your computer.
The setup program starts automatically.
- 2** Select the model of your CLIÉ handheld (PEG-T615C or PEG-T415).
- 3** Click Install CLIÉ Utilities.
- 4** Click Install Memory Stick Export.
The installation starts.
Follow the instructions displayed on the screen.
After the installation is completed, the installation screen reappears.
- 5** Click Finish.
The installation of MS Export software ends.

Installing CLIÉ applications using MS Import/Export

You can install applications for your CLIÉ handheld into the “Memory Stick” media without performing HotSync operation using MS Import/Export.

- 1** Connect the cradle to a computer in which you have installed MS Export software.
- 2** Insert the “Memory Stick” media into your CLIÉ handheld.
- 3** Place your CLIÉ handheld on the cradle.
- 4** On the home screen, rotate the Jog Dial navigator to select MS Import and then press the Jog Dial navigator.
MS Import starts.
Or, tap the MSImport icon on the home screen.
- 5** Drag add-on application files (.prc or .pdb) for your CLIÉ handheld to MS Export shortcut icon on your Windows desktop.
These files are automatically copied to appropriate folders.

If you drag the application file which the MS Export cannot recognize its type

The registration dialog box appears.

In this case, enter the application name and destination folder to which the application will be copied.

- 6** When you finish the operation, tap Disconnect or Home.

Note

Do not remove the “Memory Stick” media while connecting to your computer.

Making sure the contents of the “Memory Stick” media after copying
When you use the computer with the Windows 2000/Windows Me

A warning message appears when you tap Disconnect on your CLIÉ handheld.

Click OK, and then continue operations.

Continued on next page

Installing CLIÉ applications using MS Import/Export

Making sure the contents of the “Memory Stick” media after copying the application

After starting the MS Export again, and then click Memory Stick Drive tab of the MS Export software.

Note

You cannot copy applications by dragging them to the Memory Stick Drive window of the MS Export software.

Using your CLIÉ handheld as a removable disk

- 1** Connect the cradle to a computer in which you have installed MS Export software.
- 2** Insert the “Memory Stick” media into your CLIÉ handheld.
- 3** Place your CLIÉ handheld on the cradle.
- 4** On the home screen, rotate the Jog Dial navigator to select MS Import and then press the Jog Dial navigator.
MS Import starts.
Or, tap the MSImport icon on the home screen.
- 5** Operate the desired file or data using your Windows Explorer, and so on.
You can not only copy or delete the data stored in the “Memory Stick” media, but write data in your computer to the “Memory Stick” media.

Note

When you copy the application to the Palm\Launcher folder of the “Memory Stick” media, some applications on your CLIÉ handheld may not display the file list of the “Memory Stick” media appropriately.

- 6** When you finish the operation, tap Disconnect or Home.

Note

Do not remove the “Memory Stick” media while connecting to your computer.

When you use the computer with the Windows 2000/Windows Me

A warning message appears when you tap Disconnect on your CLIÉ handheld.

Click OK, and then continue operations.
