Disclosure and Communication of Financial and Non-Financial Information
Sony understands the importance of appropriate disclosure to and communication with stakeholders. Since 2019, Sony has been issuing its Corporate Report to comprehensively communicate financial information and non-financial information, including policies for mid- to long-term value creation and business strategies.

Sony also posts financial data, non-financial information and business summaries designed primarily for investors and shareholders on the Investor Relations section of its website.

In addition, Sony issues its Sustainability Report to provide a wide range of stakeholders with non-financial information on topics such as activities related to sustainability and CSR.
